Tom Meek, Envirothon
Jim Weaver, Committee
Secretary

Thank you for your continued support of the KACD Conservation Education and Youth Committee.

Hundreds of students are impacted annually through a number of programs and contests sponsored through the Conservation Education and Youth Committee, such as the Speech, Poster, Essay and Limerick contests and the Envirothon to name a few. Scholarships for college students majoring in natural resources programs are also sponsored by the committee. These programs provide the well deserved recognition to students who have excelled in these contests.

The work of the Conservation Education and Youth Committee is conducted by volunteers and is funded primarily through contributions from individual donors, and sponsorships through Conservation Districts.

The Committee is asking each Conservation District to consider making a Sponsorship donation to support the programs of the committee. Each Sponsor will be listed in the Program of the Conservation Education and Youth Committee at the Annual KACD Convention and displayed along with the contest winners at the convention. Sponsors will also be posted on the KACD website.

Thank you for your consideration.

Sincerely,
Mike and Cheryl Flory, Co-Chairs
