Memorial Scholarships

Memorial Scholarships are presented to recognize and assist college students in achieving their academic goals in natural resources.

Don Peterson Memorial Scholarship

- Established by the family in 1996 in memory of Don Peterson from Clifton, Kansas in Washington County. Don was an active and firm believer in the conservation and protection of our natural resources. He was a member of the Washington County Conservation District Board of Supervisors and a member of the State Conservation Commission in Topeka. He graduated from Kansas State College with a B.S. degree in Agronomy. After severing twenty-six years as a pilot in the United States Air Force, he returned to the farm near Clifton.
- **Scholarship Amount and Eligibility**
Up to \$500 for the fall semester for a full time college junior or senior student majoring in Agronomy/Range Management, or closely related field.

General Memorial Scholarship

- Established in memory of individuals who were active in the conservation and protection of our natural resources. Individual contributions are combined to provide the scholarship (s). A memorial list, if available will be provided to the scholarship recipient (s) for proper recognition and thanks.
- **Scholarship Amount and Establishment**
Up to \$250 for the fall semester for a full time college Junior or Senior Student majoring in a Natural Resource related field.

Application Information for Both memorial Scholarships

- Application form available after January 15 from Ft. Hays University and Kansas State University Agriculture Departments, County Conservation Districts, or from the KACD Scholarship Coordinator listed below.
- Application form is due by March 15th to Jim Weaver, KACD Scholarship Coordinator, 1217 Biltmore Drive Suite 100, Lawrence, Kansas 66049-1996
- Attachments to the Application include college transcript and a narrative of academic performance and FFA, 4-H, church, high school, college, community activities, promotion of conservation and natural resource protection, work experience during high school and college, including employer, nature of work, skills learned, and short term and long term goals.
- Selection criteria includes academic performance, leadership, promotion of conservation and protection of natural resources, work experience, and quality of the written application detailing the above information.
- Applicant may apply for both scholarships but receive only one.
